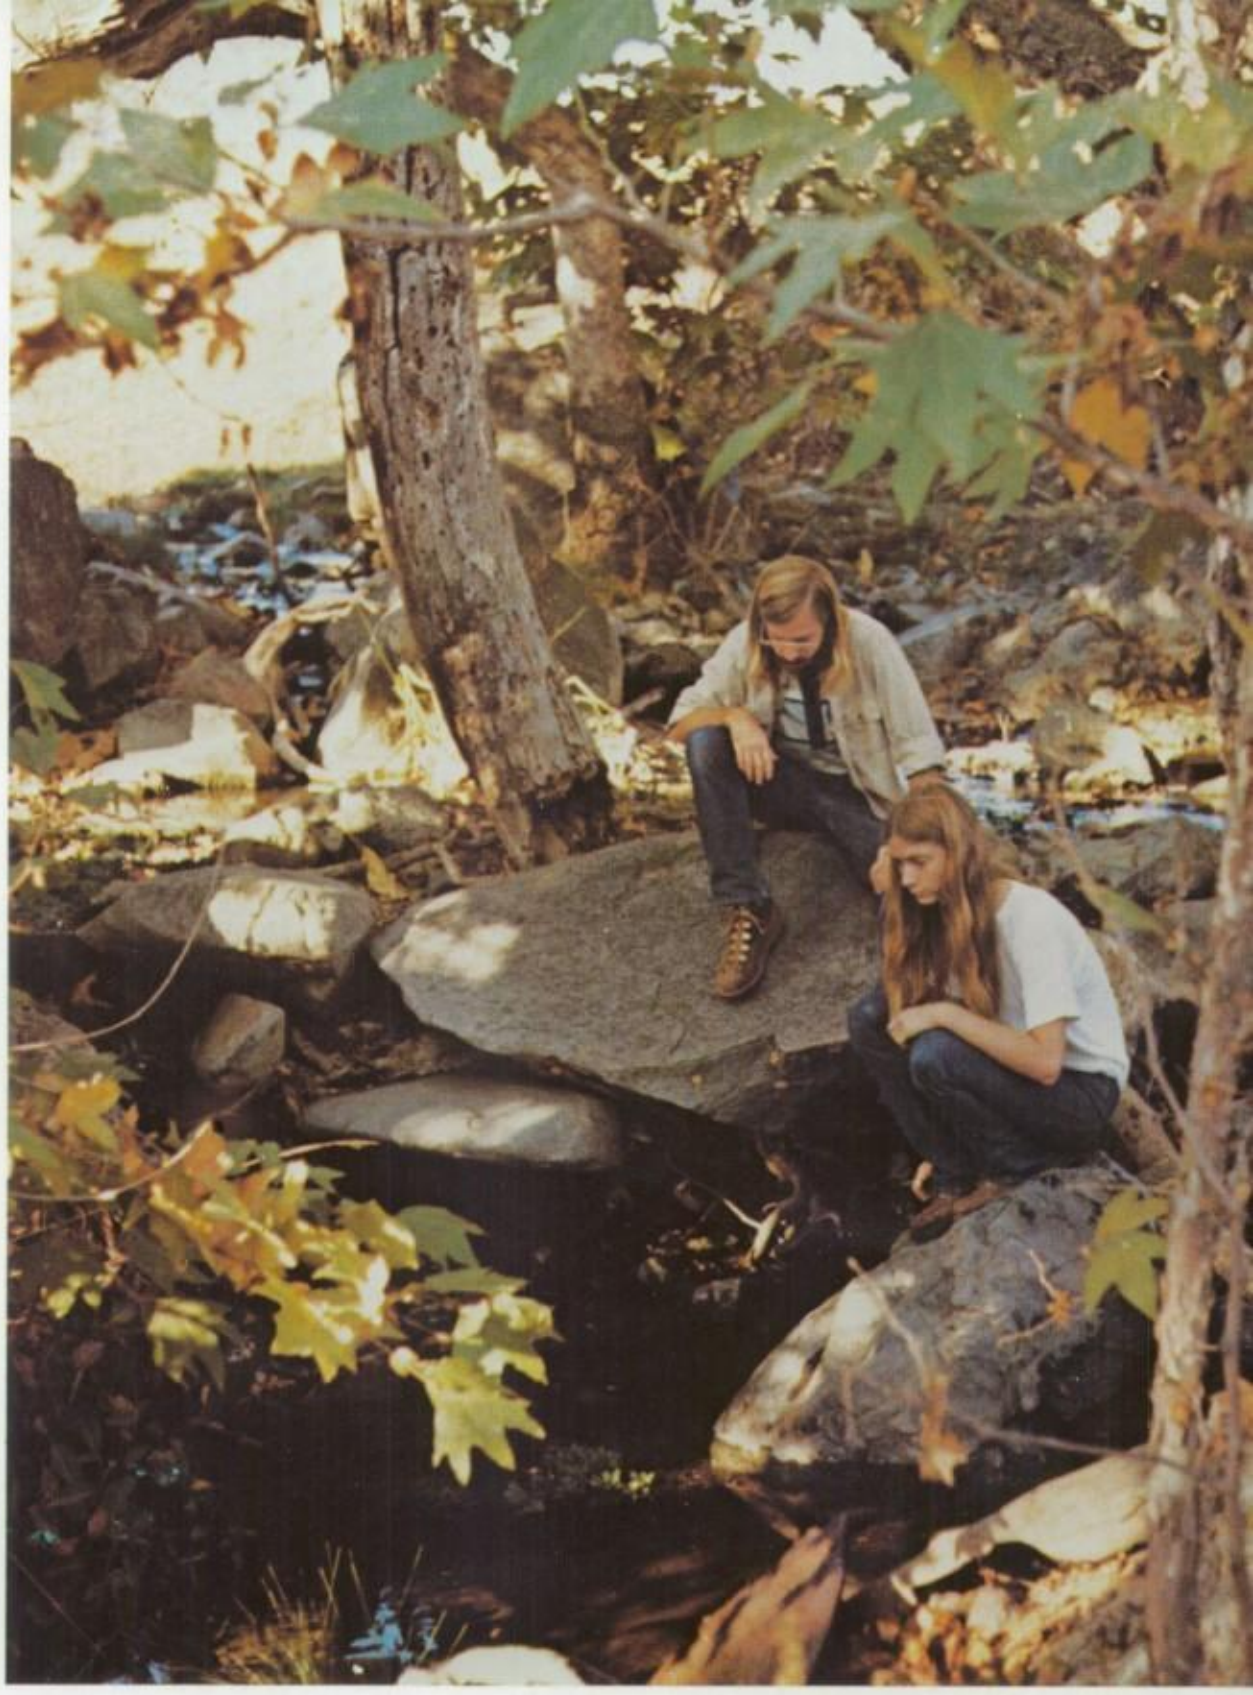
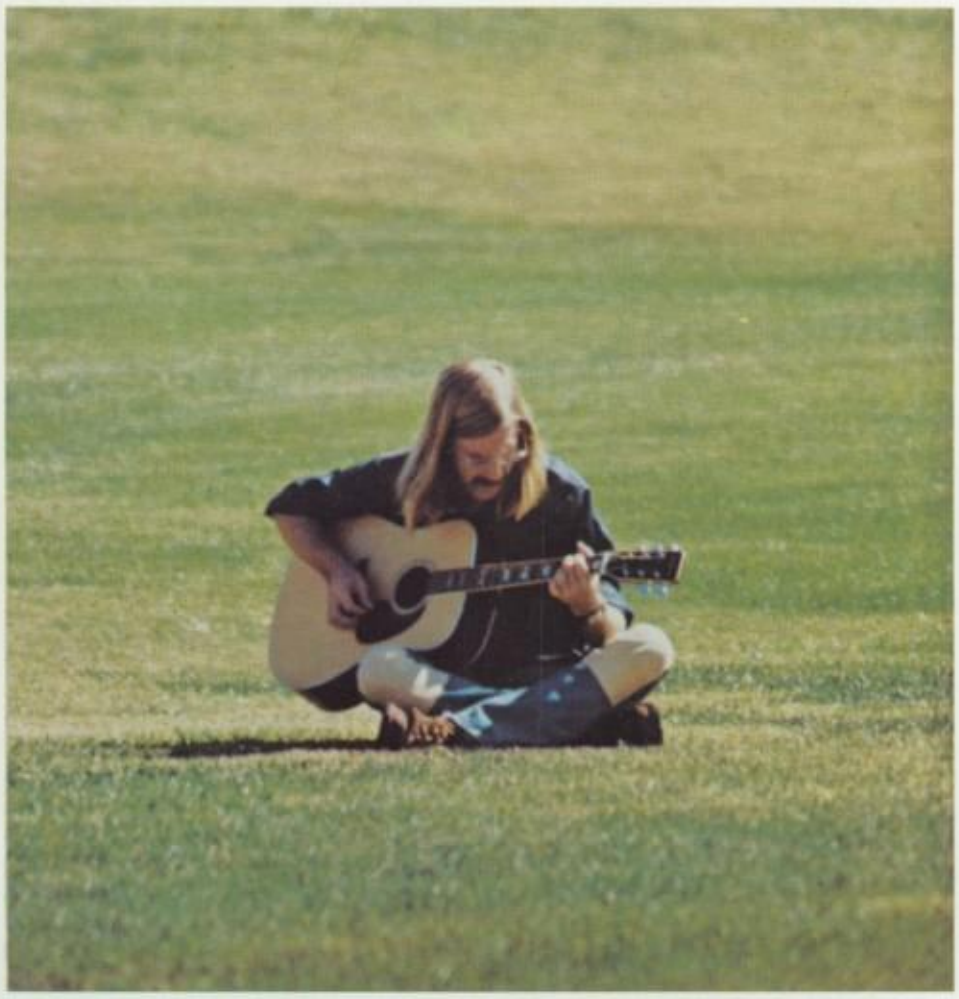
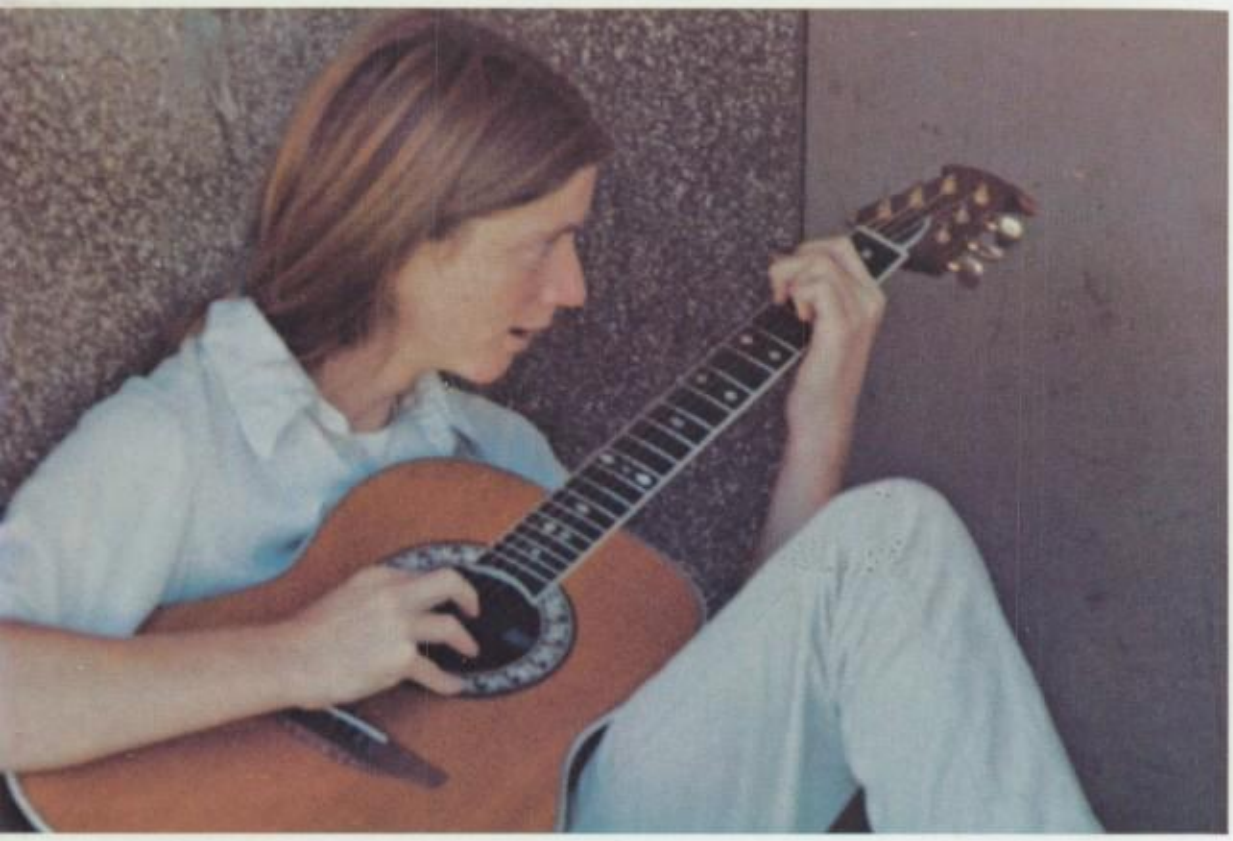
Senior Portraits and Homecoming
by Busco-Nestor Studios
Color Photography by Gary Hiett

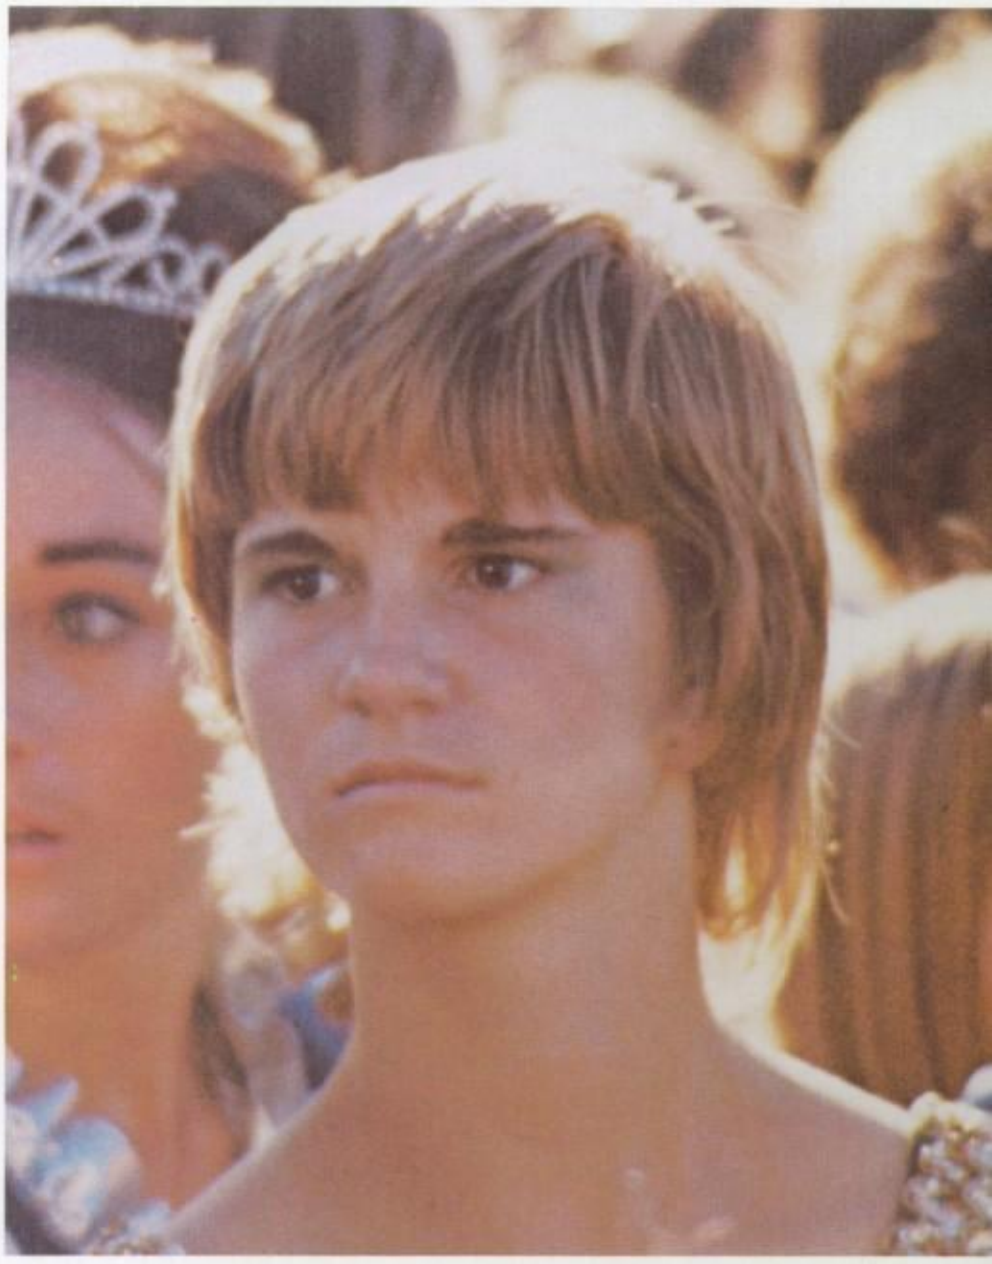


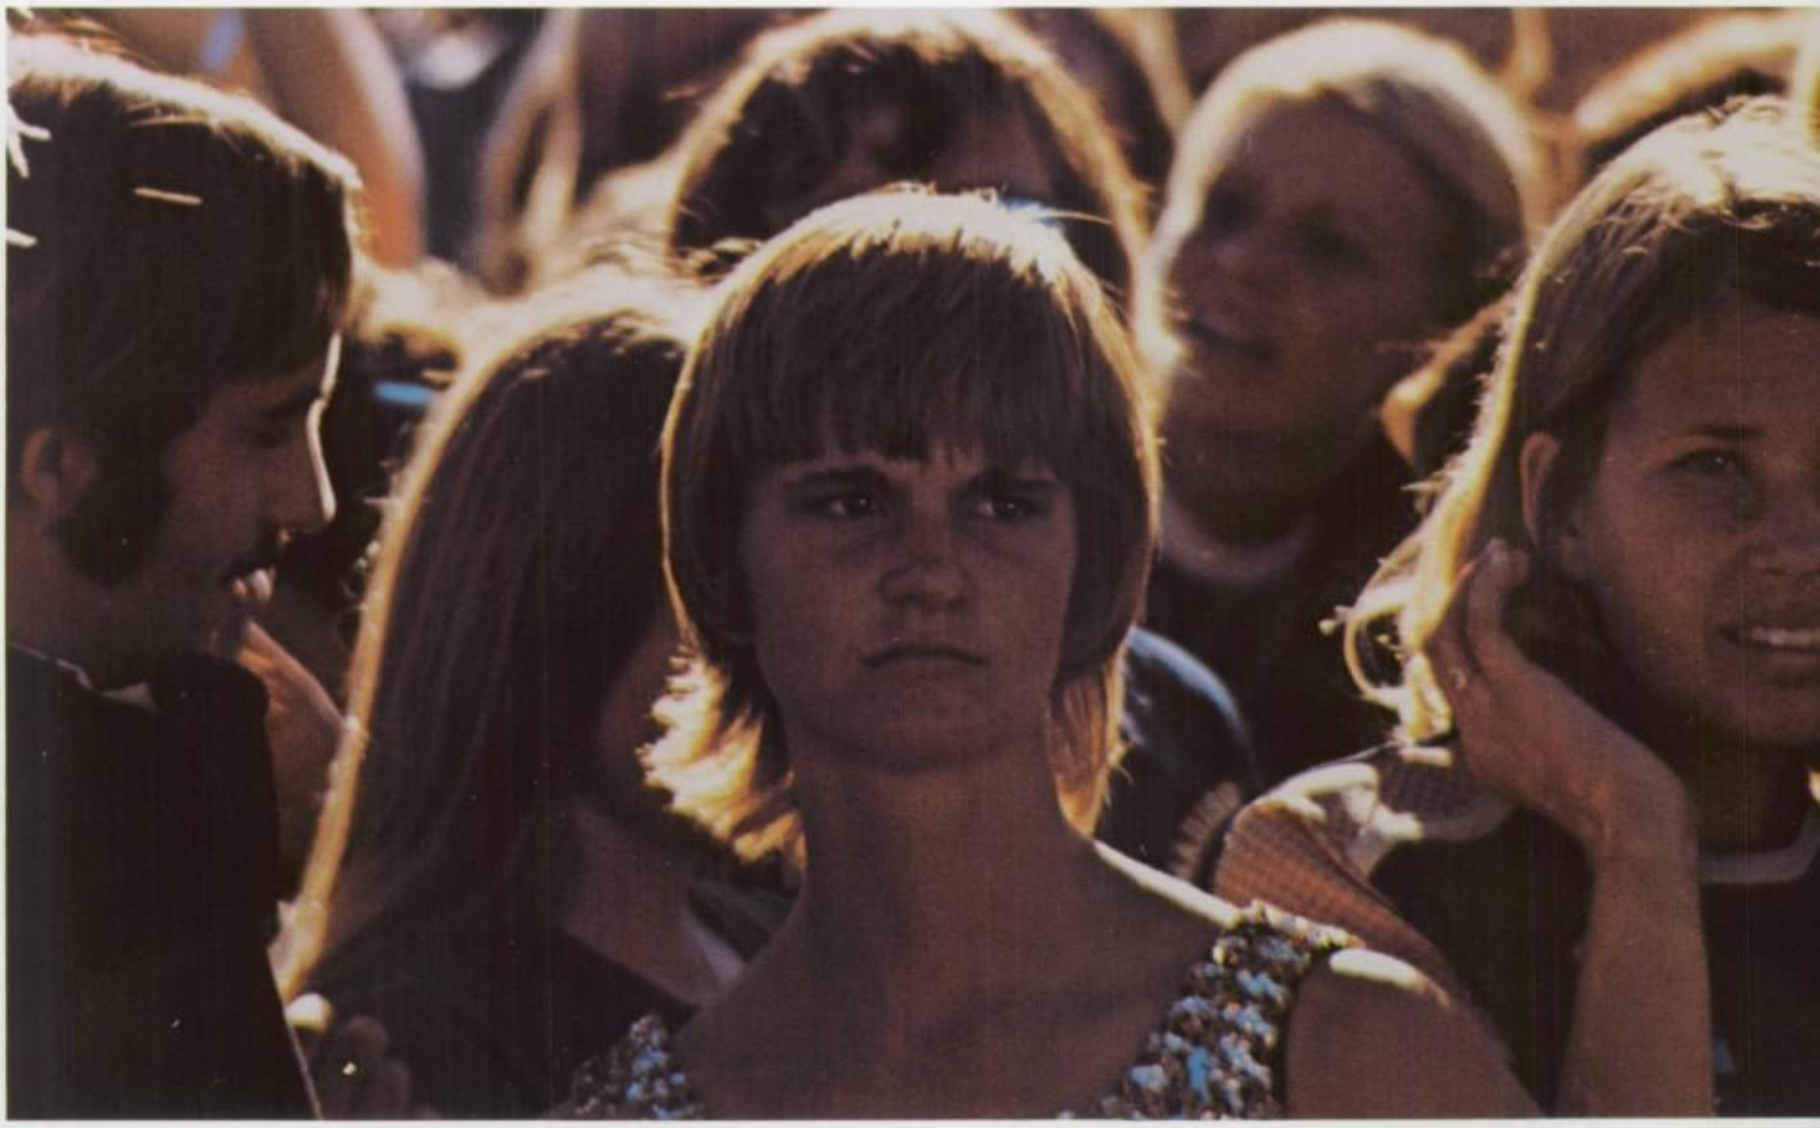
We are not helpless, we
are men.
What lies between us,
It can be set aside and ended.
Every day we learn more how to hate,
Shut the door
and then we tell ourselves we can't relate
Only to the ones who are the same.
Yet even they are different
and ever so they shall remain.

. . . All are strangers,
All are friends,
All are brothers . . .

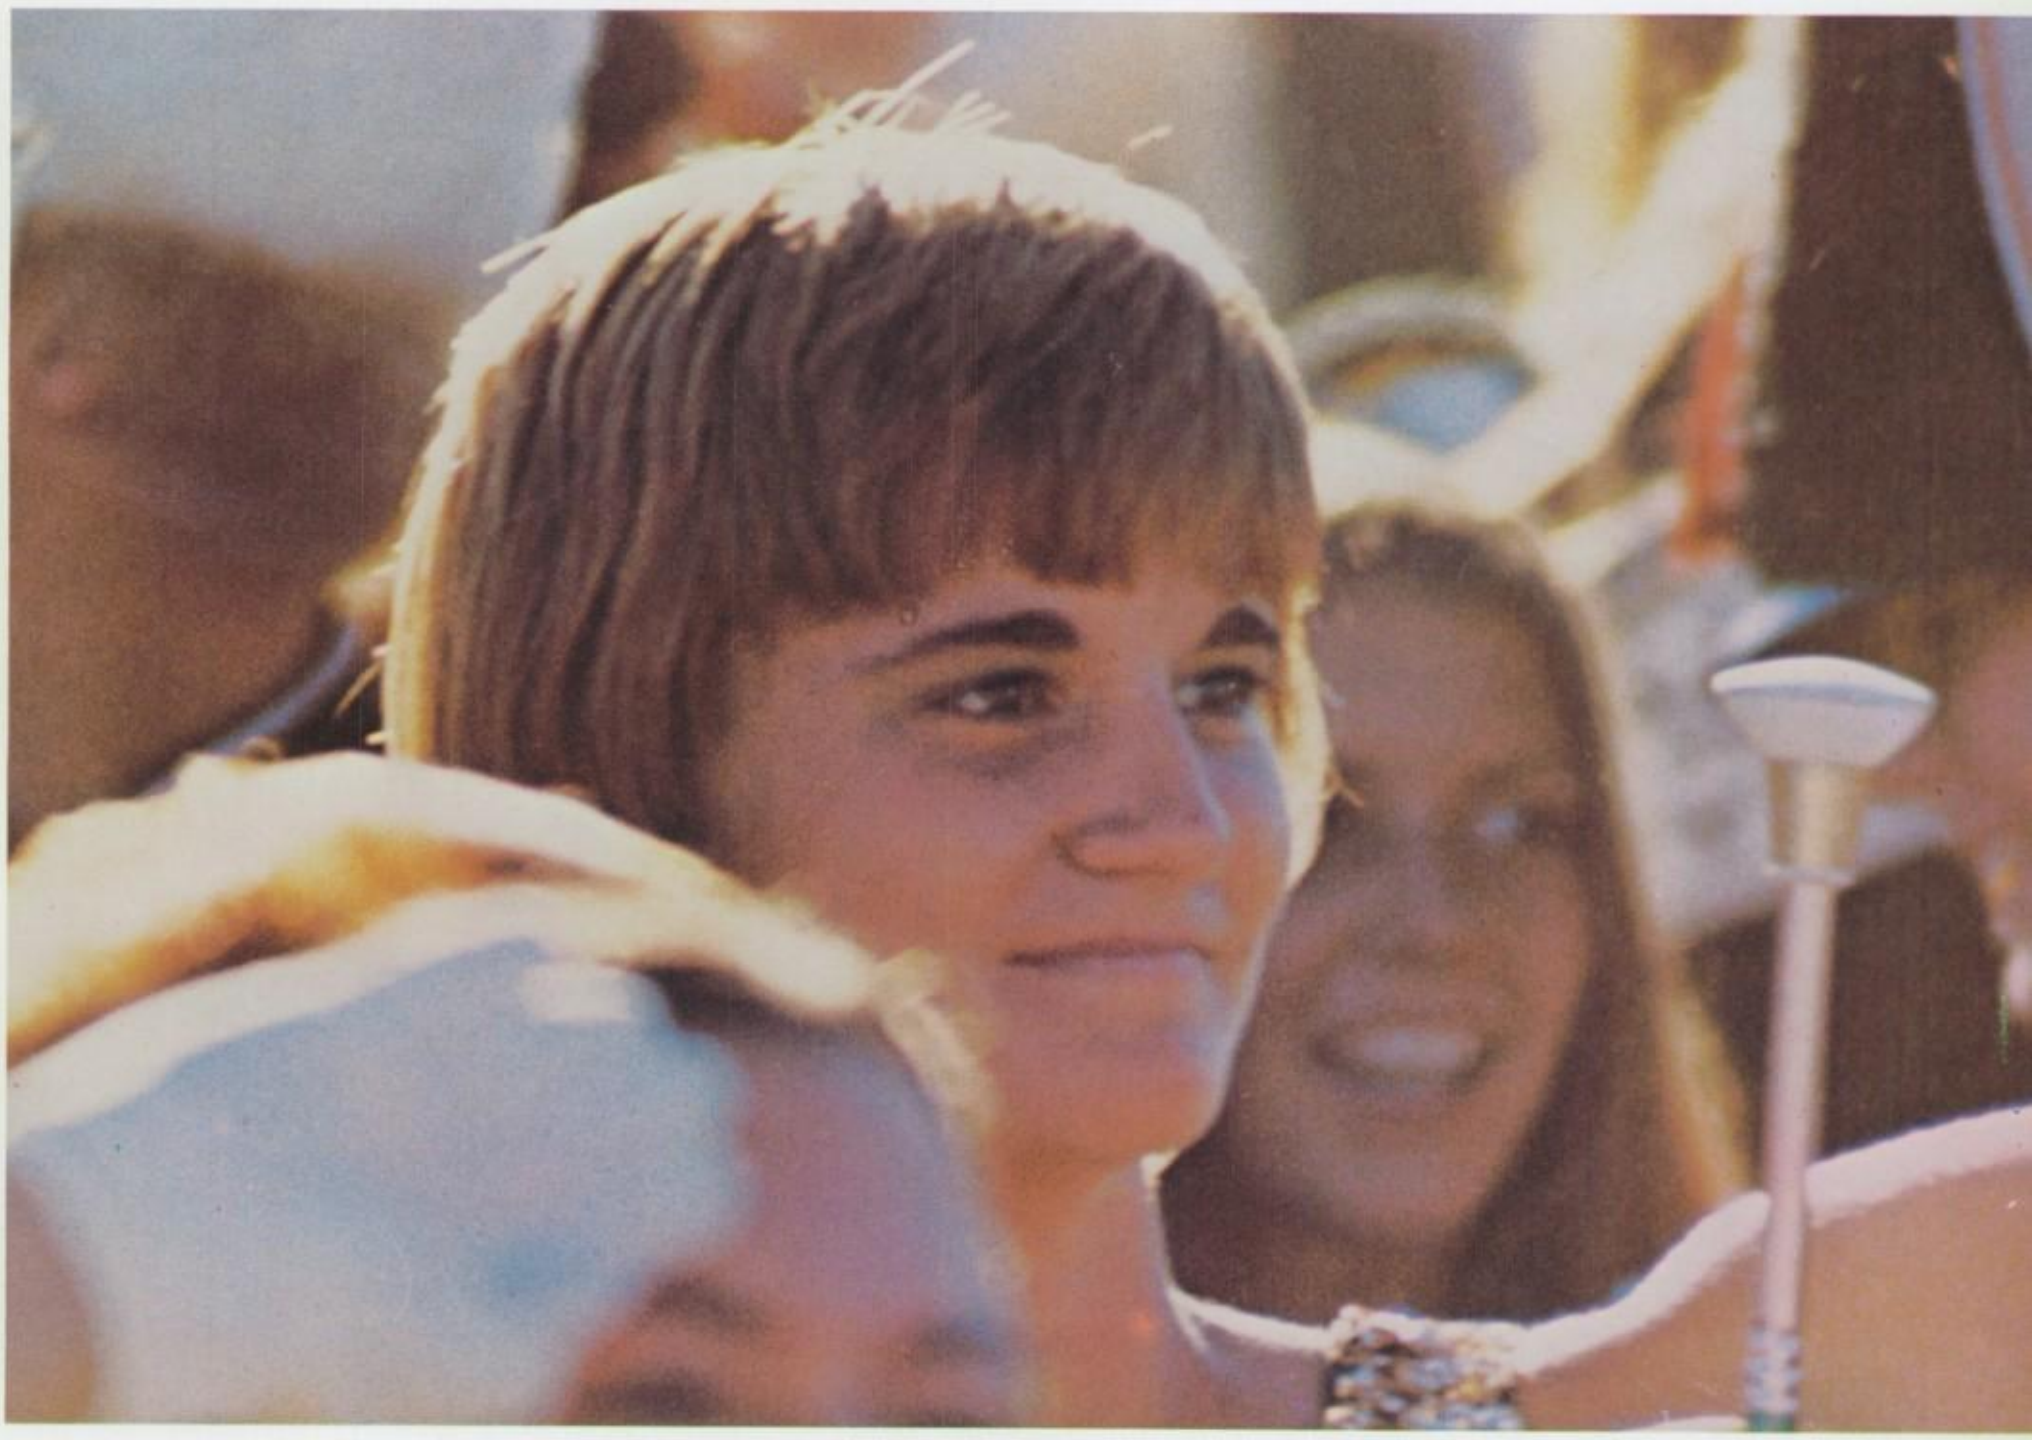




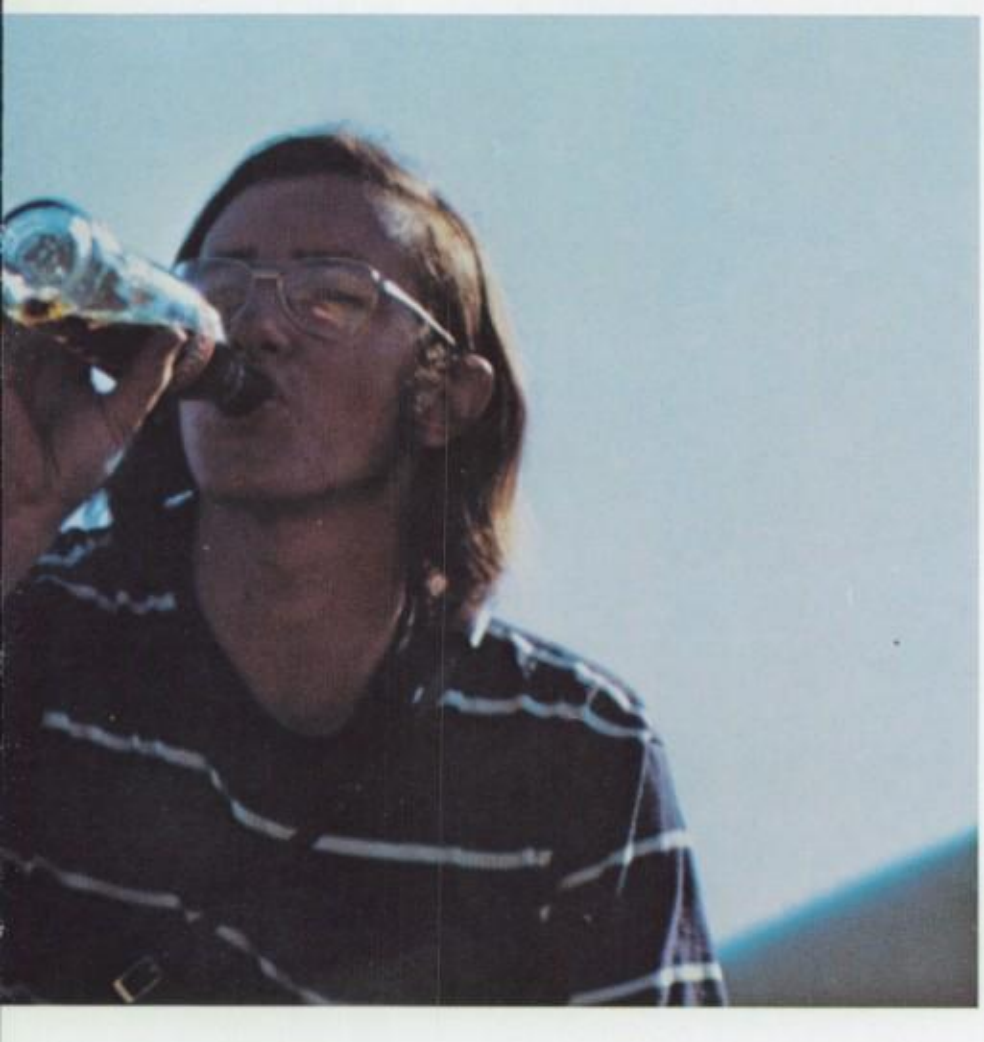




Open up my friend and learn to hear
for even lying
When it has nothing you should fear
If you cannot let yourself be known
by anyone
then you are hiding and not whole.

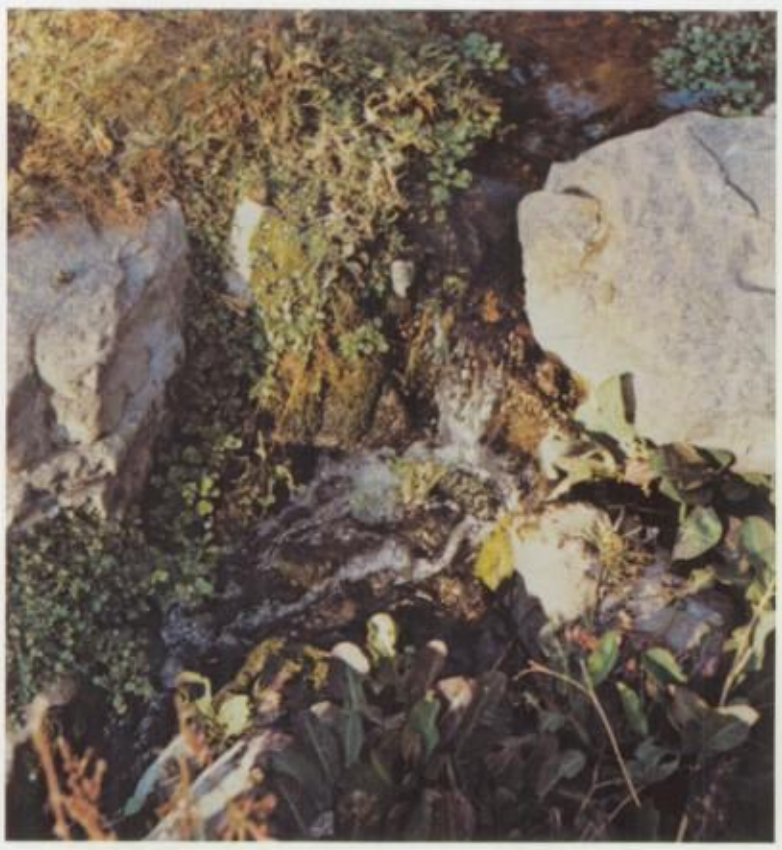


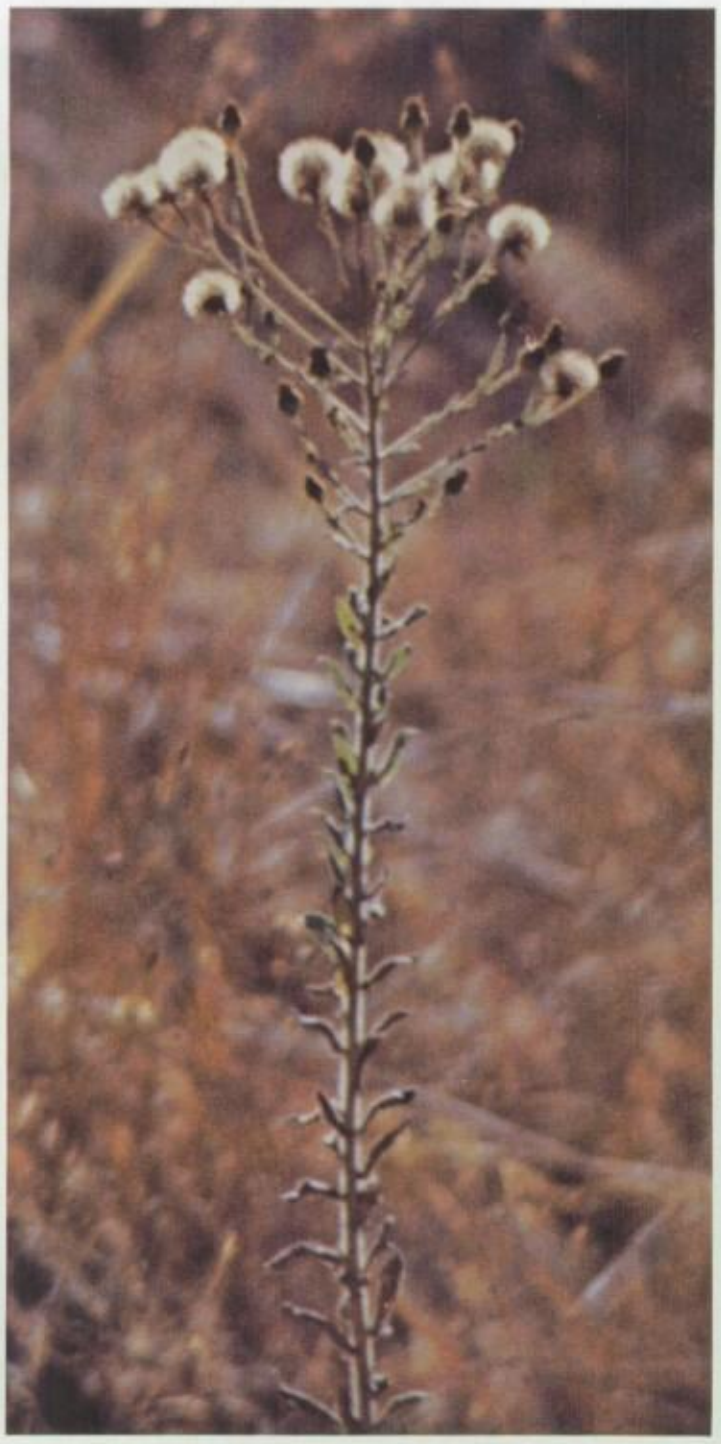
We, your children, we would ask you all
Please do not hide your eyes
And listen when we call,
We will whisper, shout, or make a scene
We are the answer
For we can live the peace
we dream.

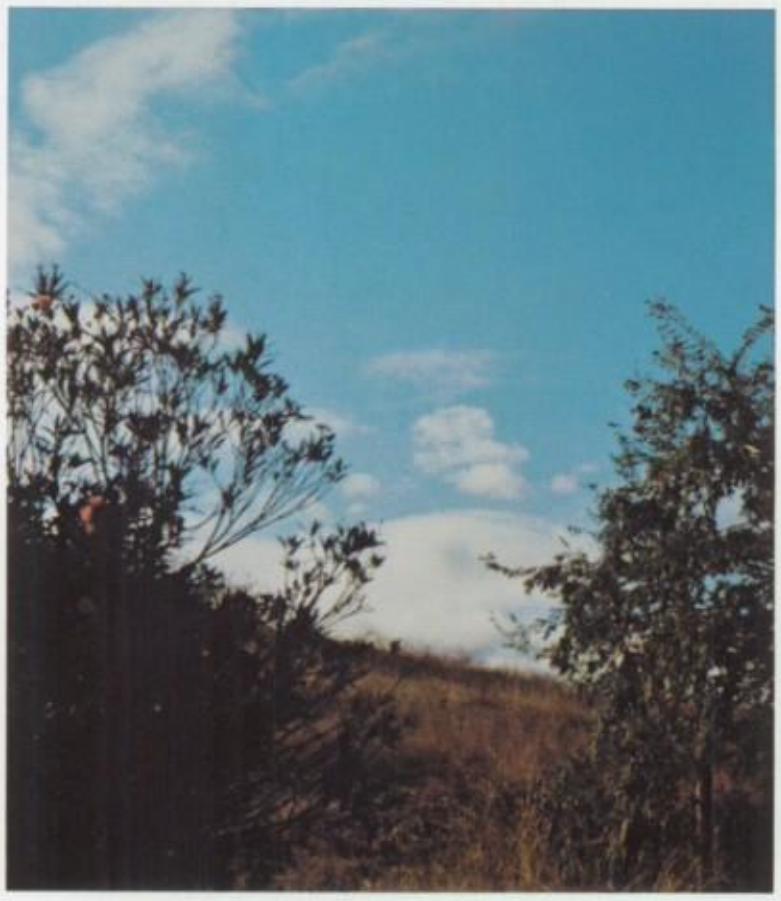


This is what has made our nation free,
for life is change,
and only blind men cannot see.
The new order is upon us now,
It is the children.
They have the wisdom to be free.

. . . All are strangers,
All are friends,
All are brothers . . .







I have been here before,
But when or how I cannot tell:
I know the grass beyond the door,
The sweet keen smell,
The sighing sound, the lights around
the shore.

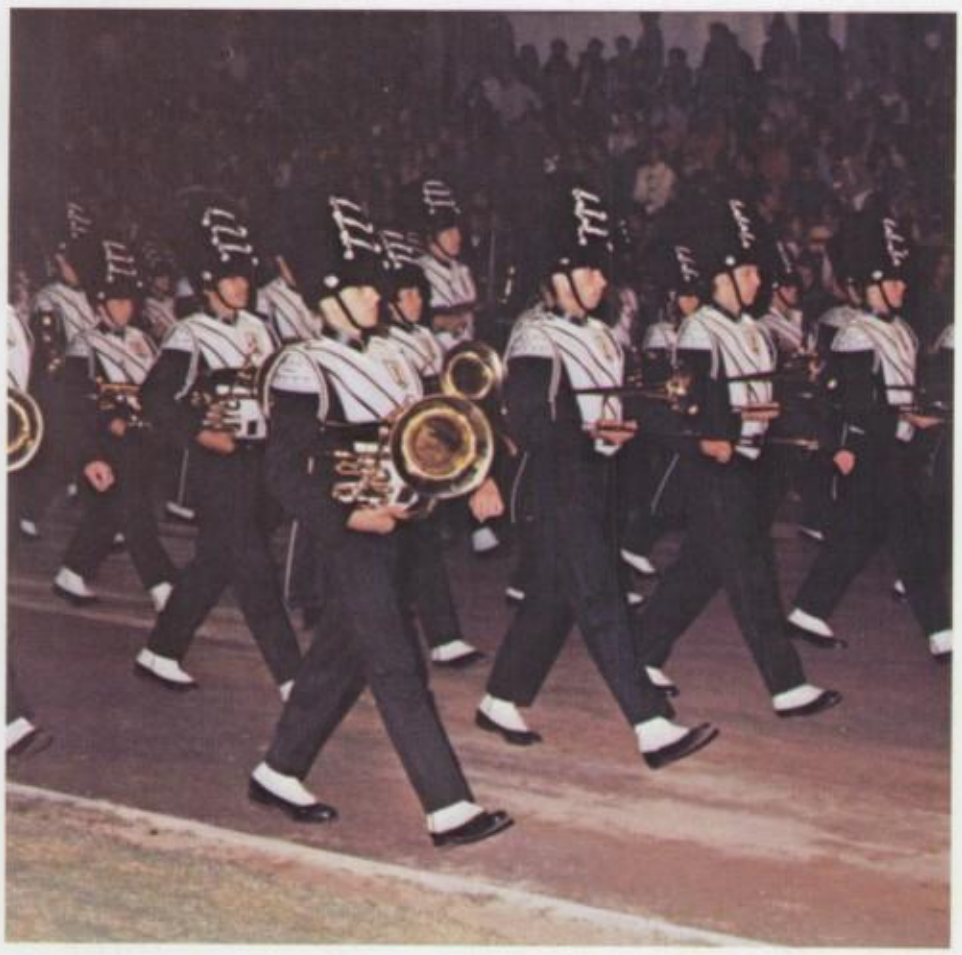
homecoming



"Saturday In The Park" was the theme for this year's Homecoming activities. Connie Shepard was crowned queen at Coronation ceremonies Thursday, October 25, with the football game the next night. Pre-game festivities started at 7:30 with the presentation and judging of class floats. The junior class float, with the Homecoming theme of "Saturday In The Park", won first place. Then the princesses and Queen Connie were introduced, escorted by their fathers. The Sea Cadet color guard and the Marching Band and Titanettes also participated in the pre-game activities. The Homecoming game was played against South Bakersfield. The cheerleading was highlighted by the return of many cheerleaders, including the 1971 Homecoming queen, Yoko Samuli. At half-time the field was turned over to the South Bakersfield Rebel band and Rebelettes, who performed a show. Saturday night the gym was the setting for the Homecoming dance, held from 8-11:30 p.m. Music was provided by "Crymany Sakes", a band from Los Angeles.

One of the many entertaining assemblies held this year featured the professional jazz-rock group "Emanon", which is "Noname" backwards. They were given this name because their union regulations specify that free concerts can't be given, so their real name couldn't be used. The group consists of a drummer, an organist, two guitarists, a trombonist, and a saxophonist.

Ski Club - Mammouth

Once again the Ski Club members took their annual trip to Mammouth Mountain. The skiers went the weekend of the semester break, leaving Friday after school and returning Monday afternoon. Money for the trip was raised from dances, bake sales and car washes.

A.F.S. (American Field Service) is an organization that brings foreign students to America and sends American students to other countries. This year we had two exchange students, Briarlee Fettes from Melbourne, Australia (upper far left) and Ralf Dreyer from Hannover, West Germany (upper far right). Both are seniors and like the school and people very much. Far lower right are the members of A.F.S. This year Cheri Beaugrand, Deanna Hay, Bill Martin, and Sue Welch were accepted by A.F.S. as foreign exchange students in their summer program.

Three foreign students came to P.H.S. through Students International Service or S.I.S. They are above clockwise: Karin Hasselquist, Lisalott Jeusels, and Ewa Walla. All three are from Sweden and they, too, like P.H.S. very much.

They also hear lectures by people in the medical profession.

The PHS Student Store is operated by Poway High School students. The store features many items such as student-made projects for fund-raising, posters, all-occasion cards, and best-selling paperbacks. Mr. Malanga, Work Experience coordinator, coordinates store activites and the student employees receive work experience credit for the merchandising skills they gain by working in the store. The store has been well accepted by both students and faculty because of the convenience offered by a store on campus.

Varsity Football

In 1973 Poway engaged in the toughest schedule in the school's history, playing teams from the powerful Grossmont and Western Leagues. They also played 4A Southern section and San Joaquin Valley powers Notre Dame and Bakersfield. The team was in every game and made a good accounting of themselves. Despite a 2-6-1 record, this was one of the better teams in recent years at Poway. With 18 out of 22 starters returning in 1974, the Poway Titans' future appears to be promising.

Varsity had many new faces. There was only one returning varsity player. The team learned fast and had a successful season. They played many excellent teams from other leagues. They took second in the Grossmont Jr. College tournament.

The J.V. team had many close matches and at times played inconstantly but improved steadily to take our division and advance to the Championships.

Led by a pair of talented captains, Greg Cameron and Kent Brisby, the team finished 2nd in the Coast League with an 8-2 record and qualified for the C.I.F. championship for the second year in a row. The only league defeats were by Coronado, both by only one goal. A young team played top waterpolo and upset such great teams as former C.I.F. champs Crawford, Monte Vista and the very tough Grossmont.

The team finished 10-0 in league and captured the Coast League championship. Their overall record was an amazing 19-3.

Counselors are committed to providing each student with the necessary materials, information, advice, and support needed to make appropriate educational, vocational, social and personal decisions.

The major purposes of the Career Guidance Center are to provide information to students about career opportunities, available occupational training programs and educational institutions offering both academic and vocational programs. The Center also serves as the hub of our Work Experience Program and job placement is offered. The Center is staffed by a Vocational Counselor, Dar Palen as well as Work Experience Coordnator, Orlando Malanga and Mrs. Harrison, who in addition to her secretarial responsibilities handles the Driver Training Program.

Changes in foods, fads, fashion, trends, and ideas continue to challenge the staff and students who work in the labs and classrooms each semester at PHS. Five hundred boys and girls are involved in subjects including four levels of food and nutrition, three levels of clothing, home planning, child development, nursery school practices, and interior decoration.

Consumer Science plays an important role in all classes.

'74 In Retrospect

Years from now when we're telling our kids about "when I was your age," it won't be the familiar cliche "ten miles through the snow." Rather, we'll reminisce about (clockwise from above) how the maximum speed limit dropped from 65 MPH to 55 MPH. Or any number of threatened shortages from bread to toilet paper which we lived in fear of from day to day. And who will forget the lines we waited in to buy gas when there was any. And what's a guy to do when he runs out of gas and there's none to buy?

Yes, the year past has been quite full, from Watergate to the energy crisis, and coming to school in the middle of the night and for some, not leaving till dusk.

As we look back on this year, seniors will have warm and happy memories of the Senior Prom, Ditch Day, commencement, and all the prestige of being SENIORS only to start again for those of us who are going to college as freshmen.

For juniors, this was a year of anticipation. Poway's Class of '75 honored itself this year by winning the Homecoming float and just being sixteen. Juniors are mostly classified as "in-betweeners," not quite rowdy seniors and far from squirrelly sophs and frosh.

Sophomores are waiting for Driver Training and later a driver's license. They begin to worry about graduation requirements and realize that hard work is ahead.

We all love our freshman class. The first day of school, we see small kids wandering around with new schedules that somehow have six days instead of five and hear them asking, "You positive this doesn't mean going to school on Saturdays?" The frosh take their kidding well, because they know that every senior who dunks them in the heads was once a scrawny freshman, too.

With the new dual modular traditional system this year, the teachers had as much of a struggle as students. Most students don't realize that most teachers have more classes and less free time than any Poway High student and they aren't supposed to smoke in the heads either!

With the second semester scheduling, the administrators gave us a chance to plan our own days. Most of us handled it well, and with a few cuts in line and counterfeit numbers, we all got through registration.

Being editor of the Odyssey was, to say the least, a new and unusual experience and I'm embarrassed to say I still don't think I could spell it right without help. It was a wild year and for everyone who leaves this year and those of us who don't, good luck.

Margi Anderson
Odyssey Editor-in-Chief
